

Large horticultural wholesaler headquartered on Long Island seeks:

Senior Financial Analyst, Consolidations & Reporting

This position is responsible for reporting and analyzing the consolidated financial results. The Sr. Financial Analyst will work with cross-functional teams throughout the organization to ensure accurate and timely delivery of requirements and consistent use of the reporting policies and systems.

Responsibilities include:

- Preparation of monthly consolidated financial statements including variance analysis
- Collaborate on the month-end close activities
- Support the budgeting creation and tracking process
- Assist with year-end financial audit activities
- Handling bank reconciliations
- Preparing weekly Payroll data integration and input into the general ledger
- Booking Payroll accruals
- Maintaining accounting files
- Perform account reconciliations
- Preparing ad hoc reports
- Working with management on special projects

Requirements are:

- Bachelor's degree in Accounting, Finance, or related field
- Fluent in Microsoft Excel
- Knowledge of generally accepted accounting principles and practices
- Data analysis skills, including data manipulation and reporting to identify trends and extract business intelligence
- Exceptional attention to detail and accuracy
- Ability to learn new software and technical processes quickly
- Written and Verbal communications skills

We offer:

- Compensation package commensurate with experience and capabilities.
- Opportunity for advancement.
- Casual dress code.
